

## INDEX.

## VOL. XXII.

	PAGE
Abell, O. J.: Address of Welcome.....	300
Accident Prevention, Address of Thomas D. West.....	324
Accident Prevention, Revival of Committee.....	326
Accident Prevention, Recording Memoranda on.....	131
Address of O. J. Abell.....	300
Address of E. C. Ferguson.....	293
Address of C. F. Hatfield.....	317
Address of President Howell. Seaman Cup Presentation.....	290, 329
Address of President H. D. Miles.....	305
Address of William H. Sexton.....	292
Address of Thomas D. West, on Accident Prevention.....	324
Address on Industrial Education.....	314
Alexander, M. W., Apprenticeship System in the Metal Industries.....	403
American Core Room Practice.....	449
Annealing Process for Malleable Castings.....	169
Apprentice School, Plan of Foundry Course for.....	72
Apprenticeship System in the Metal Industries.....	403
Associated Foundry Foremen, Contribution from.....	205
Auditing Committee, Report of.....	312
Automobile Castings, Gray Iron for.....	41
Automobile Cylinder Founding.....	209
 Banquet, Subscription.....	 334
Belden, A. W.: Foundry Cupola Gases and Temperatures.....	1
Blower, Centrifugal, for Foundry Use.....	231
Brandt, Dr. Otto: Foundry Training in Higher Trade Schools.....	35
Buffet Luncheon and Theatre Party.....	320
Bull, R. A.: Discussion on Pouring Steel Castings.....	335
Bull, R. A.: Some Difficulties in Pouring Steel Castings.....	151
Bureau of Mines, U. S.: Foundry Gases and Temperatures.....	1
 Carnegie Inst. Technology in Developing Foundry Practice.....	 385
Carnegie Inst. Technology. Discussion on Work of.....	361
Carr, W. M.: Observations on Miniature O. H. Furnaces.....	75
Castings, Electrical Steel.....	53
Castings, Gray Iron, for Motor Cars.....	41
Castings, Malleable, Annealing Process for.....	169
Castings, Malleable, Influence of Composition Changes on.....	201

	PAGE
Castings, Steel, Difficulties in Pouring .....	151
Castings, Steel, Induction Furnace for .....	157
Cast Iron, Melting in O. H. Furnace .....	89
Cast Iron, Standard Specifications, Discussion on .....	367
Centrifugal Blower for Foundry Use .....	231
Chicago Convention, Proceedings of .....	291
Coal, Pulverized, Use as a Fuel .....	373
Committee on Accident Prevention, Revival of .....	326
Committee on Foundry Costs, Revival of .....	321
Committee on Industrial Education, Report of .....	59
Committee on Nominations .....	319
Committee on Papers .....	321
Committee on Steel Foundry Shop Standards .....	321
Common Sense Cost System for the Foundry .....	135
Composition Changes on Malleable Castings, Influence of .....	201
Connelley, Dean Clifford B.: Discussion on Carnegie Inst. Technology ..	361
Connelley, Dean Clifford B.: The Part that the Carnegie Inst. Tech- nology Plays in the Development of the Foundry Industry .....	385
Continuation (Improvement) Schools .....	71
Convention Proceedings, Chicago .....	291
Core Room Practice, American .....	449
Core Testing and Standards .....	123
Core Testing and Specifications, Discussion on .....	343
Cost Committee, Revival of .....	321
Cost System for the Foundry, Need of Common-Sense .....	135
Crawford, Robert: Automobile Cylinder Founding .....	209
Cupola Gases and Temperatures .....	1
Cupola Linings, Memoranda on .....	453
Detachable Miniature O. H. Furnaces .....	75
Difficulties in Pouring Steel Castings .....	151
Discussion on Carnegie Inst. Technology .....	361
Discussion on Core Tests and Specifications .....	343
Discussion on Electric Steel Castings .....	349
Discussion on Gray Iron for Motor Car Castings .....	355
Discussion on Oxy-Acetylene Welding and Cutting .....	347
Discussion on Pouring Steel Castings .....	335
Discussion on Standard Specifications for Cast Iron .....	367
Electric Steel Castings .....	53
Electric Steel Castings, Discussion on .....	349
Electric Steel Melting Cast .....	55
Election of Officers .....	328
Evans, G. S.: Relative Value of Foundry Flour and Simple Method of Testing .....	213
Ferguson, E. C.: Address of Welcome .....	293

	PAGE
Flour, Specifications for Foundry .....	215
Flour, Value of and Testing Foundry .....	213
Foundry Apprentice School, Plan for Courses in .....	72
Foundry Cupola Gases and Temperatures .....	1
Foundry Flour, Method of Testing .....	213
Foundry Practice in Carnegie Inst. Technology .....	385
Foundry Practice, Vital Points in Good .....	281
Foundry Training in Higher Trade Schools .....	35
Fuel, Pulverized Coal as .....	373
 Gray Iron for Motor Car Castings .....	 41
Gray Iron for Motor Car Castings, Discussion on .....	355
Gray Iron, Specifications for and Inspection of .....	119
Griswold, G. W.: Memoranda on Cupola Linings .....	453
 Harding, H. P.: Oxy-Acetylene Welding and Cutting in the Foundry ...	 261
Hatfield, C. F.: Address of .....	317
Heyn, Prof. E.: Greetings from .....	327
Hiorth, Albert: Induction Furnace for Electric Steel Castings .....	157
Hooper, Governor Ben. W.: Invitation to American Foundrymen's Association .....	 333
Howell, Alfred E.: Address of President. Seaman Cup Presentation, 290,	329
Howell, Alfred E.: Response to Chicago Welcome .....	302
Hoyt, W. S.: Discussion on Oxy-Acetylene Welding and Cutting .....	347
 Induction Furnace for Steel Manufacture .....	 157
Industrial Education, Address on .....	314
Industrial Education, Report of Committee on .....	59
Inspection and Specifications for Cast Iron .....	119
Iron, Where Does It Go To? .....	205
 Johnson, Prof. Edw. A.: Testing Molding Sand at the Wentworth In- stitute .....	 285
 Knoeppel, C. E.: How to Make a Time Study .....	 91
Kreuzpointner, P.: Address on Industrial Education .....	314
Kreuzpointner, P.: Dr. Brandt on Foundry Training in Higher Trade Schools .....	 35
Kreuzpointner, P.: Report of Committee on Industrial Education .....	59
 Lane, H. M.: American Core Room Practice .....	 449
Lane, H. M.: Core Testing and Standards .....	123
Lane, H. M.: Discussion on Core Tests and Specifications .....	343
Leasman, E. L.: Annealing Process for Malleable Castings .....	169
Linings of Cupolas, Memoranda on .....	453

	PAGE
MacPherran, R. S.: Cast Iron Specifications and Inspection.....	119
MacPherran, R. S.: Discussion on Standard Specifications for Cast Iron	367
Malleable Castings, Annealing Process for.....	169
Malleable Castings, Influence of Composition Changes on.....	201
Malleable Troubles.....	251
Melting Cast Iron in O. H. Furnace.....	89
Melting Cost, Electric Steel.....	55
Memoranda on Accident Prevention, Recording.....	131
Memoranda on Cupola Linings.....	453
Metal Industries, Apprenticeship System in the.....	403
Miles, H. D.: Address of President.....	305
Miles, H. D.: Chairman of Cost Committee.....	321
Miniature O. H. Furnaces.....	75
Moldenke, Dr. R.: Centrifugal Blower for Foundry Use.....	231
Moldenke, Dr. R.: Malleable Troubles.....	251
Moldenke, Dr. R.: Secretary-Treasurer's Report.....	308
Molding Sands in Wentworth Institute.....	285
Nominating Committee.....	319
Nominating Committee, Report of.....	327
Officers, Election of.....	328
Open Hearth Furnaces, Detachable.....	75
Organization Problems.....	221
Oxy-Acetylene Welding and Cutting, Discussion on.....	347
Oxy-Acetylene Welding and Cutting in the Foundry.....	261
Panama-Pacific Exposition.....	317
Papers for Convention, Committee on.....	321
Parkhurst, F. A.: Put your House in Order.....	221
Pattern Shop and its Relation to Steel Foundry.....	235
Plamondon, C. A.: Address of Welcome.....	291
Pouring Steel Castings, Difficulties in.....	151
Presidential Address.....	305
Proceedings of Chicago Convention.....	291
Pulverized Coal as Fuel.....	373
Put your House in Order.....	221
Quigley, W. S.: The Use of Pulverized Coal as Fuel.....	373
Recording Memoranda on Accident Prevention.....	131
Report of Auditing Committee.....	312
Report of Committee on Industrial Education.....	59
Report of Nominating Committee.....	327
Report of Secretary-Treasurer.....	308

	PAGE
Response by Vice-President Alfred E. Howell .....	302
Riker, E. W.: Need of Common Sense Cost System in Foundry .....	135
Rodigin, P.: Influence on Composition Changes on Malleable Castings .....	201
Seaman Cup Presentation .....	329
Seaman, Past President Jos. S.: Response of .....	330
Secretary-Treasurer's Report .....	308
Sexton, W. H.: Address of Welcome .....	292
Snyder, F. T.: Discussion on Electric Steel Castings .....	349
Snyder, F. T.: Electric Steel Castings .....	53
Some Observations on Miniature O. H. Furnaces .....	75
Specifications for Cast Iron, and Inspection of .....	119
Specifications for Foundry Flour .....	215
Standards and Testing, for Cores .....	123
Standards, Committee for Steel Foundry Shop .....	321
Steel Castings, Discussion on Pouring .....	335
Steel Castings, Electric .....	53
Steel Castings, Induction Furnace for .....	157
Steel Castings, Some Difficulties in Pouring .....	151
Steel Dog, Cast from Converter Metal .....	Frontispiece
Steel Foundry, Pattern Shop with Relation to the .....	235
Steel Foundry Shop Standards, Committee on .....	321
Steel Melting, Electric, Cost of .....	55
Subscription Banquet .....	334
Swan, H. B.: Discussion on Gray Iron for Motor Car Castings .....	355
Swan, H. B.: Gray Iron for Motor Car Castings .....	41
Swansen, E. R.: Pattern Shop with Relation to Steel Foundry .....	235
Tennessee, Invitation by Governor Hooper of .....	333
Testing Cores .....	123
Testing Foundry Flour .....	213
Theatre Party and Luncheon at Chicago .....	320
Time Study, How To Make a .....	91
Trade Schools, Foundry Training in Higher .....	35
Treasurer's Report .....	311
Troubles with Production of Malleable Castings .....	251
Vital Points in Good Foundry Practice .....	281
Wentworth Institute Molding Sand Tests .....	285
West, Thos. D.: Address on Accident Prevention .....	324
West, Thos. D.: Recording Memoranda on Accident Prevention .....	131
Wilson, D. C.: Iron, Where Does It Go To? .....	205
Wilson, J. J.: Vital Points in Good Foundry Practice .....	281
